

Department of Mathematics

Date:21/12/2021

Description: The department of Mathematics conducted a National level Quiz competition on Mathematics held at seminar hall on 21/12/2021, 3 P.M. Nearly 340 students registered for this event. E-Certificate provided the students who has qualified the test. And cash prizes announced the students who got highest mark.

Objective: The objective behind to organize the Quiz competition is to evaluate the knowledge of the student within the academic as well as beyond the academic and to make them familiar with the prospect of quizzes and the objectivity of the questions.

Outcome: The quiz helped students identify what they know and what they don't know. The students then have a better idea of how well they are grasping the material, hopefully motivating them to study more and helping them allocate their study time effectively by focusing on the information that still needs more practice.
